## AMERICANS NOT TO WAR ON CHINA

### McKinley Sends Note to Powers Stating Pur- pose of Nation.

### OUR TROOPS WITHDRAW AS SOON AS POSSIBLE

### Will Look to China for Punishment of Those Implicated in Massacre ---Ready to Accept Co- operation on this Basis

(Associated Press Special.)

New York, Sept. 22.—A special to the

Tribune from Washington says:

Notes have been sent to the Powers clearly defining the course this Government has determined to pursue in the Chinese situation. The Chinese Government must be promptly re-established and enter into new treaties with adequate provision for reparation and guarantees for the future. Most of the United States troops are to be withdrawn from China immediately. China will be compelled to punish her own culprits.

It is the belief of this Government that there is nothing to prevent the beginning of negotiations without further delay and that no occasion exists for the protracted continuance of troops on Chinese territory. Cooperation with the Powers along these lines will be welcomed by this Government which must, however, reserve the right to act independently on any proposition which might lead to war with the Chinese empire.

A memorandum will be made public by the State Department today after the notes reach their destinations, giving a full statement of the conditions now existing which will unmistakably demonstrate that the course of the United States has been thoroughly consistent from the first and that nothing has succeeded in swerving the Administration from its determination not to become embroiled in any ulterior designs other nations may have upon China.

According to the best available specific information, this Government announces its recognition of Li Hung Chang and Prince Ching as the plenipotentiaries of the Emperor Kwang Hsu and has authorized Minister Conger to open preliminary negotiations with them at once the United States at the same time being prepared to appoint a special committee to meet the Chinese authorities empowered to conclude conventions providing indemnity for past injuries and guarantees for future security.

The United States will insist as a part of the reparation to be demanded in the negotiations that the Chinese authorities shall punish the guilty with deserved severity.

## S. S. Australia for the Tahiti Run

San Francisco, Sept. 15.—The Oceanic Steamship Company's steamer Australia, which, for years, has been running between here and Honolulu, will be taken off the Hawaiian run upon her return from the Islands and will be used to open the monthly service between here and Tahiti. The company's contract with the French Government for the carrying of the mails between here and Tahiti will go into effect November 1st, and on that date the Australia will start on her initial trip, supplanting the three sailing vessels which have up to the present time performed the mail service. After November 1st there will be a

sailing every thirty-three days. The time each way will be ten and one-half days.

It was announced yesterday that either the Queen or the City of Puebla would be chartered by the company for the Honolulu run until the company's new steamers, the Sierra, Sonoma and Ventura, arrive and are placed in commission. The new steamers, all of which are vessels of 6000 tons, are being completed at Cramp's shipyard and will take the place of the Alameda and Mariposa on the run from here to Sydney, via Honolulu. The Alameda and Mariposa will then be overhauled, lengthened by the addition of a forty-foot section amidships and their speed will be increased to sixteen or seventeen knots. One of them will then be placed on the run to Tahiti and the Australia will resume her Honolulu run.

Some delay has been experienced in getting the three new steamships ready for service. The Sierra was expected to be here in time to leave on her initial trip for Sydney on October 31st, but it was stated yesterday that she would not be here until the middle of November, and would leave on her first trip on November 21st. The Sonoma will be the second of the new ships to come around from the Atlantic and will leave here on her maiden voyage to Sydney on December 12th. The Ventura's first sailing out of this port will be January 2d. It is announced that after November 1st the steamers on the Sydney run will call at Pago Pago instead of Apia.

## ANOTHER GERMAN TRANSPORT

San Francisco, Sept. 22.—The German steamer Frankfurt Captain Ernest Malchow, arrived last evening sixteen and one-half days from Moji, Japan, and anchored in the stream. She has been chartered by the German government to carry horses to China for the imperial cavalry, and will be able to accommodate about 1000 animals. The Frankfurt is a new steamer, owned by the Norddeutscher Lloyd, and is of extraordinary size, having a gross tonnage of 7500, and a carrying capacity, dead weight, of 8000 tons, when her draught is 27 feet. She is 430 feet in length, with a beam of 54 feet and depth of 42 feet. The vessel is fitted with twin screws and bilge keels, with double bottoms and carries 900 tons of water ballast. There are nine water-tight bulkheads and the Frankfurt has a speed of thirteen and one-half knots an hour. Unlike the Bosnia which is also new and of great capacity, the Frankfurt has fine cabin passenger accommodations for thirty persons and for 1700 steerage passengers. She sailed from Wilhelm's Haven, Germany, on July 3 last with German troops, who were landed at Taku, China. After calling at the German port of Kiaochow, in China, the Frankfurt sailed for Moji, Japan, and thence to this port.

## OSCAR LEWIS CALLED DOWN.

F. J. Turk of Turk & Lewis was arrested yesterday on the charge of larceny in the second degree, the complaint having been made by W. Bradford, a sailor from one of the vessels in port.

Bradford testified that Turk took his clothes off the ship without his consent and that he put these in his lodging house. He made demands for his clothes but could not get them. Turk had advanced him \$5 before leaving the ship. The next day, he paid him \$6 for the \$5 and a night's lodging. On asking for his clothes the last time, he demanded \$2 more. Another sailor testified to the same thing. Just here, Deputy Sheriff Chillingworth asked that a nolle prosequi be entered. It was explained afterwards that Turk could not be held for larceny. It is probable that a warrant will be issued for him on the charge of malicious injury.

Early in the trial, Lewis asked that he be allowed to conduct the defense. This was not allowed and when, a little later, he put in his oar, he was vigorously "called down" by Judge Wilcox who told him that, if he did not behave himself, he would be sent where he would have to.

## Republican Mass Meeting.

Republicans should not forget the grand Republican rally and mass meeting in the drill shed Monday evening under the auspices of the Young Men's Republican Club. It should be remembered that Sam Parker and other for the ladies and it should also be remembered that Sam Parker and other Republican candidates will speak. All the speeches will be translated so that everyone may have a chance to understand what is being said.

## Tumult Reigns In Boer Ranks

London, Sept. 20.—Lord Roberts cables from Nelspruit, on the Pretoria-Delagoa Bay Railroad, not far from Komatipoort, the frontier station, under date of Wednesday, September 19th as follows: Of the 3000 Boers who retreated from Komatipoort before the British advance from Machadodorp, 700 have entered Portuguese territory, others have deserted in various directions and the balance are reported to have crossed the Komati river and to be occupying spurs of the Lombobo mountains south of the railway.

"A general tumult seems to have occurred when they recognized the hopelessness of their cause. Their long toms and field guns have been destroyed and nothing is left of the Boer army but a few marauding bands. Kelly-Kenny is dealing with one of these, which occupies a position at Doornberg."

The War Office has issued a lengthy report from Lord Roberts on the question of the Johannesburg plot to overthrow the garrison and murder British officers and the deportation of foreigners. After reiterating the known facts of the plot, the British commander-in-chief in South Africa says: "The Consuls of America, Germany, France and Sweden, subjects of which nations were arrested, met and fully discussed the case with the British officials. The interview was most satisfactory. The Consuls entirely concurred with the British action, and promised every assistance."

Lord Roberts adds that he forthwith ordered the deportation of all foreigners arrested in connection with the plot for whose behavior their respective Consuls could not vouch. Otherwise very few foreigners were deported, except employees of the Netherlands Railway who refused to work for the British and actively participated in the war.

## Olaa Land Sale Nets Plenty Coin

Hilo, Sept. 27.—The Hawaii Herald says:

The government land sale of Olaa lots last Thursday was a financial success and Auctioneer Steven brought dollars to the coffers of the government in short order.

Long before the hour set for the sale there was quite a crowd waiting for the spiel. Quite a number of out of town bidders came in, but unfortunately for some of them they had not taken the oath of allegiance to the United States and could not buy the land. E. H. Boyd of the Land Department was present to answer questions and Land Agent Baldwin read the conditions upon which the land would be sold.

Lots numbered 1, 2, 3, 4, 5, 6, 7 on the side road were first offered and No. 1 brought \$625. As this was a back lot and without any entrance way the price was considered high until No. 2 on the road was started and soon run up to \$2800 for the 50 acres. Interest in the sale increased and the countenances of the clerks in the land office broadened out. Several prospective purchasers left after this lot was sold, as the prices were higher than they thought it possible they could get. But \$2800 was the top notch figure; no other lot approached it in the purchaser's estimated value, though no lot until those above the Peck road sold for anything like the upset price; only those two miles above that point sold near the government appraisement.

The people seemed to be land crazy, judging from the way they went headlong after supposed bargains. Lot No. 20, bordering the proposed Peck road, which was sold in the morning for \$1800 to a man who could not hold, was resold after luncheon for \$1350, and the purchaser thought he had a good thing.

Many of the purchasers intend making the section their homes in the future, putting part of the land in cane and leaving the balance for house lots and gardens. About thirty went into the section on Sunday and in several cases made contracts for clearing. The home of J. Ryan, president of the American Settlers' Association, was invaded by a party of eight who were kindly received by the squatter king.

## MORGAN'S SALE TODAY

Jas. F. Morgan held a sale of land and stocks at noon.

## CANE FIRE AT WAIALUA

Fire started in a cane field on Waialua plantation about the middle of the afternoon yesterday. Before it could be put out 20 acres had been burned over. There will be no loss to mention, as the cane will be immediately ground. It is supposed the fire was caused by sparks from a locomotive. Manager W. W. Goodale was in town yesterday, waiting on the Executive in behalf of the now famous water privilege contest.

There was a heavy freshet in the Waialua streams this morning.

Waialua is said to be solidly Republican.

## WAS NOT CONSENTING.

Edward Hore, the school principal and for many years District Magistrate at Waialua, was on the list ballotted for, as candidates for Representatives in the Fifth district, at the Democratic nominating mass meeting. Mr. Hore is in town today and says the use of his name was unauthorized. He has not declared himself for any party, but his sympathies are evidently with the Republicans.

## STRIKE RIOTERS BLOOD IS SHED

### Expected Clash Results in Probably Death of Man and Child.

### STATE TROOPS ORDERED TO PROTECT THE WORKERS

### Deputy Sheriff's Fired on Mob That Threatened Laborers---Pres- ence of Militia Has Good Effect.

Philadelphia, Pa., Sept. 21.—The tragedy that has been looked for since the coal workers' strike was begun came suddenly at Shenandoah this afternoon. A posse hurriedly gathered by Sheriff Toole of Schuylkill county to meet an emergency was forced to fire into a mob that was threatening workmen on their way home under escort. A man and a little girl were instantly killed, and several others fell, more or less wounded.

Sheriff Toole lost no time in calling on the National Guard General to send troops to aid him. After consultation the authorities decided to send troops to the turbulent region tonight. Shenandoah's trouble was precipitated by the closing of six collieries there this morning through the efforts of strike leaders. More will close tomorrow as a voluntary act. It is said, on the part of the Reading Company. This is done at the request of Sheriff Toole, who hopes in this manner to avoid further rioting. The outlook at midnight, however, is dubious, as the foreigners are in an ugly mood after the day's happenings.

## ONLY ONE WAS KILLED.

Shenandoah, Pa., Sept. 22.—It develops this morning that only one person, Mike Yuckavage, was killed outright in last evening's shooting here. Annie Rogers, the little girl who it was supposed, was shot to death, recovered consciousness some hours after the bullet struck her in the back of the neck and is today in a fair way of ultimately getting well.

The town council appointed over 300 special policemen to serve during the night and everything passed off peacefully. No crowds were allowed to congregate.

The first battalion of the Eighth Regiment, Col. Theodore F. Hoffman, arrived here about 8:30 this morning and was closely followed by a battalion of the Fourth Regiment with Col. O'Neil and his staff.

Edward Clark, who was shot below the heart, has a chance for life. The bullet has been extracted and he is improving today. He had gone into the street to take his children out of the way and in this manner received a wound.

All the collieries around Shenandoah, Lost Creek and William Penn are closed down. Not a mine in the region is working today. This the operators claim is because their men fear violence. No outbreak is feared and the law-abiding citizens breathe more easily.

The collieries will resume work Monday provided a sufficient number of hands is obtained. It is believed that most of them will be able to work full handed.

## QUIET AFTER BLOODSHED.

Philadelphia, Sept. 22.—All is quiet in the strike region. The outbreak at Shenandoah late yesterday afternoon, followed by the sending of nearly 3,000 troops there, put an effectual stop to rioting and the peace and stillness of Sunday prevails in the entire anthracite field. How long this condition will last is a problem. The presence of soldiers in the field has undoubtedly had a covering effect on the turbulent spirits of those strikers who believed in violence as a means of accomplishing their purpose. In addition to troops in the field, thousands more in and around Scranton, Wilkesbarre and Philadelphia stand ready to start for the scene of trouble the instant orders are received.

There are indications of wavering in the strikers' ranks especially in the Scranton region and it is believed unless there is an early settlement the strikers will begin returning to work.

## RECEPTION AT PUNAHOU

Probably between eight and nine hundred guests attended the reception to Prof. and Mrs. Arthur Maxon Smith, the new president of Oahu College and his wife, in Pauahi hall, Punahou, last Monday. Hundreds of lanterns and torches were distributed along the driveway and the front part of the building was outlined with lanterns.

The reception was held in the large hall on the upper floor, the guests forming in line at the mauka door and marching around in a line to the alcove opposite the organ where Mr. and Mrs. Smith stood. Mrs. B. F. Dillingham, Mrs. A. B. Wood, Miss Mary Widdifield,

## Strike Contract Snag

Washington, Sept. 19.—George E. Baldwin, formerly with the Treasury Department, but now of Honolulu, is in the city in the interests of the Hawaiian Sugar Planters' Association. There is a great dearth of laborers in the Hawaiian Islands, and Baldwin wants to get 4,000 Porto Ricans to go there to work in the cane fields. The planters will pay their expenses there and will give them \$120 to \$23 a month (gold) plus house rent and medical attendance to field hands. The Treasury officials, however, refuse to say whether Porto Ricans can come into this country under such a contract. George Aruz was recently admitted to this country from Porto Rico under contract, but the Treasury officials now say his admission was a mistake.

## Frank Damon and A. F. Judd assisted in the reception of the guests.

During the progress of the reception Prof. Baeyens gave two selections on the organ and J. E. Prouty of Harvard sang a tenor solo to Miss Cornelia B. Hyde's accompaniment.

After the reception, the guests were invited over to the lanai of the old college building where light refreshments were served. Mrs. C. B. Damon and Mrs. Jones were in charge.

The following acted as ushers during the evening: Messrs. A. F. Judd, E. E. Moosman, W. J. Forbes, A. W. Judd, George Angus, George Fuller, C. R. Hemenway, John Fleming, Frank Atherton, C. H. Cooke, John Waterhouse, G. S. Waterhouse, Walter Dillingham and N. B. Emerson.

Miss Sadie Carter, Miss Agne Judd and Miss Mary Widdifield had charge of sending out the invitations and the members of the alumni assisted in the work in connection with the reception.

## 1520 MAUI VOTERS

Walluku, Sept. 26.—The Maui Board of Registration has registered so far 1520 names. The Board will go to Lanai per Lehua on Thursday the 27th and on return will go by way of Kaanapali, Honokohau and Waiehu. The Board will register at Hamakuaapoko, Paia, Huelo, Kihel next week.

## Judge Wilcox Protests.

In the Police Court this forenoon Mi Sao, a Japanese, was found guilty of cruelty to animals and sentenced to pay a fine of \$10 and costs. Attorney C. F. Peterson represented the defendant. The prosecution put on the witness stand, the officer who made the arrest. The only witness for the defense was the defendant himself. Attorney Peterson moved for a discharge. At this point, Judge Wilcox made a protest, saying that it was not fair to the Court to present only one witness on a side and ask for a decision on the evidence of these two people. There were other witnesses in the room and they should have been put on the stand. However, he would decide the case and fine the defendant \$10 and costs.

## He's a Handy Man.

Dick Daly has no sincere as sergeant-at-arms at Republican headquarters. At the various committee meetings that follow each other at short intervals he is kept flying hither and thither with stationery, campaign documents, etc., but when he is busiest he is the most cheerful. What Dick doesn't know, too, about political hustling of the real sort would hardly pay a neophyte to learn.
